FINANCE AND TRADE.

The Features of the Money and Stock

Markets.

The principal active stocks lost from 1 to 2½ points as a result of the two hours tredling. Northern Pacific shows a loss of 4½ per cent, Great Northern proferced 4 and Minneapolls & St. Louis preferred 3 points.

The movement of prices in the New Yeak steek market had no sprifecures.

York stock market had no significant

York stock market had no significance this week because there was practically nothing doing that represented real buying and selling. The market was entirely in the hands of "room traders" who operate on their own account and generally on close before the day ends, taking their profit or loss as the case may be. Some times they carry a contract over light which has the affect of

stocks are holding them to await more definite developments regarding the fu-

definite developments regardling the future. There is no apparent pressure of liquidation, and this is evidence that holders fee! that at the worst, current unfavorable factors have been sufficiently discounted in the decline already effected and they do not care to sell unless they see prospects of more discouraging conditions to develop. On the other hand there is no evidence that there is any confidence felt in any quarter of the world of capital that conditions are ripe for improvement or that prices of securities are likely to rise.

Admissions by conservative railroad authorities of damage to wheat along their lines have had more influence on

pending in Congress.

CONTESTED CASES

Occupy Attention of the Committee.

Nearly all from Southern States;

THE BANE OF OUR SYSTEM

Is Patronage-Vice Presidency May

Come From Any State—An Uncer-tain Quantity—Mark Hanna the

Central Figure-Platform Framed.

PHILADELPHIA, June 17,-It is Sun day in Philadelphia. The Republican national convention will be called to

order at noon on Tuesday next, and yet

Philadelphia is in a state of "innocuous

gales would not know that anything ex

ching was in contemplation. So far there are no marching clubs, no ban-

ners, no badges and no hurrah. To the old time convention habitue there seems nothing worth seeing or hearing in the

Quaker City.
The only interest that attracts atten

tion is in the decision of the nationa committee on contested cases and in the election of a vice presidential candidate. The contests are nearly all from

the southern states in which there is no

possibility of Republican electoral votes

Federal control of patronage is at the bottom of them all. Who shall have the patronage? That is the question.

That is always the question in such

Patronage is the bane of our systemn weakness, not a strength, to the administration. Some of us old time on-

lookers are intensely interested in sec-

ing the old members of the national committee assembled to decide contests.

Chairman Hanna takes no part. He is

not a member of the committee except

Vice Presidency Attracts Attention. The next matter which attracts general attention is the candidate for vice

president. All Republicans are so united

is support of the administration that

they really are waiting to know the

wishes of the President as to his assoclate on the ticket. If such intimation

So far all is in doubt. The general impression is that McKiniey would be

pleased with Bliss only. There is gen-eral force in the selection of a New

York man. As goes the Empire State so goes the Union, is the genral proposi-

tion. But Bliss was a McKinley dele-

gate four years ago. He was the cen-

ter of a contest in his state against the

machine with Senator Platt at its head, All Republicans feel that the Republi-

an organization of New York is en-

tiled to great consideration. The ma-

chine is only another name for organi-

and able leadership a party in a close

state cannot win. Senator Platt is an able and astute

1896, but he stands for the party in the

great pivotal state. His views are en-titled to great weight. If he were to

say "Bliss," it would be Bliss, Will he

Mr. Bliss an Ideal Candidate.

Mr. Bliss is a well known national

character. He is respected and admired

by the great business interests of the east .He is a successful man. No one

can point to anything not honorable and

tary of the interior in charge of the vast

western interests administered by the

interior department, he won the univer-

sul consideration and admiration of

every western public man. I do not

think there is an eastern man who

would be so strong in the west as Cor-

But what does Platt say? is the uni-

versal inquiry. The party will not take

a New York man unless he is presented by a united state delegation. If Bliss

I think Fairbanks. He is from a state which is a great battle ground, and next

ident. He was temporary chairman of

the convention that nominated McKin

ley and was selected for the position at the suggestion of the President himself

He is a man of mature years, and successful in professional and business life.

He would satisfy both east and west. I

Mark Hanna is the most conspicuous

trusted friend of the President, the succonful manager of the last campaign,

he is the observed of all observers. No man in the country has been more ma-

ligned and misjudged. Commonly known as a party boss, he is in fact a big, brainy, honest, conservative and

able leader. No one has known him as

an orator, and yet few men can face an audience and win their confidence and

approval by clear statements as he can,

That he has retained the close friendship of the President through all the

When the convention meets on Tues

day next there will be little to do but the programme framed by the

close friends of the administration. They

have selected Senator Wolcott, of Colo-

rado, for temporary, and Senator Lodge

of Massachusetts, for permanent chair-man. These selections are eminently

stalwart supports of the party and its administration. Lodge was the Reed leader in '96, and his selection will em-

phasize the fact of the unity now pro-

The Platform Prepared. The platform is supposedly drawn. It reaffirm all the essential planks of

the St. Louis platform. The gold standand, the tariff of national prosperity; the

success of the war with Spain, the act

with Spain, the duty of the United

maintain law and order in the Philip-

stest is that proposing a subsidy to

American ships. All the convention will be in favor of such a declaration as was placed in the platform at St. Louis, but

Markets.

NEW YORK June 16.—Money on call easy at 29 or cent; prime mercantile paper 3½.64½ per cent. Sterling exchange steady, with actual business in bankers' bills at 48.7½,69.87½ for demand and at 34.8½,64.8½ for 60 days; posted rates 34.85½, and 34.88½; commercial bills 34.8464.84½; silver certificates 60.951c; bar silver 60½c. Mexican dollars 47½c. State bonds innetive. The stock market to-day abandoned the attitude of waiting, in which it has been so long steadfisst, and gave itself over to active liquidation, with all the appointments of a state of alarm. Two expected incidents were the cause of this change. First of these was the action of the directors of the Northern Pacific, announced after business hours yesterday, in reducing the dividend on the common stock. This was accepted as a well considered and well informed. Miscellaneous. Am. Cotton Oil, 32 N. Biscult pre-do preferred ... 90 National Lead Amer. Malting 3 do preferred do preferred ... 20 National Steel Amer. S. & R. ... 314 do preferred do preferred ... 824 N. Y. Air Brake tion of the directors of the Northern Pacific, announced after business hours yesterday, in reducing the dividend on the common stock. This was accepted as a well considered and well informed decision from conservative authorities that a serious shortage in the wheat crop in the northwest was to be faced this year and that a period of declining rallroad earnings was to be expected as a result of this and the reaction in general business. The effect was pronounced on the stocks of grain carrying roads, especially in the northwest, and the rather numerous group of stocks which have risen in price on the score of good earnings and hopes of liberal dividend disbursements.

The policy of extreme conservatism in dividend disbursements adopted by the Northern Pacific, it was taken for granted, would have an influence on other railroad directors. The report of a strike of employee of the Tennessee Coal Company weakened that stock and other steel stocks by sympathy.

This might be called the first phase of the short Saturday session. By the end of the first hour, what with the demand from shorts to cover and supporting orders by the friends of different stocks, the decline had been arrested and the pressure of liquidation relaxed at a railly in prices.

The second and decisive phase began with a resumption of realizing in some stocks and was precipitated into acute weakness by the publication of the bulletin reporting the destruction of the foreign legations at Pekin and the killing of the German minister there. This, though without official confirmation, was accepted as frirowing the Chinese situation into an acute stage, and the market which has been waiting in hopes of a peaceful and satisfactory solution of that problem, threw over stocks in heavy volume. After a momentary pause when room shorts bogan to cover, the decline was renewed and the closing was active and weak at the lowest. The principal active stocks lost from 1 to 24 points as a result of the two hours trading. Northern Pacific shows a loss

Breadstuffs and Provisions.

Breadstuffs and Provisions.

CHICAGO—A heavy trade and also general wheat market to-day bore testimony to the growing interest in the calamity which it was believed had befallen a previously promising crop. July closed 1¼@1½c over yesterday. Cornelosed ½e and oats ½e Improved. July pork closed at 25@27½c, July lard at 17½c and July ribs 15c higher.

The wheat market to-day was broad and excited. The increased outside interest was especially noticeable, although most of the time the trade was altogether too large to follow in detail. In a general way it was a market made by an army of buyers on one side and a numerous contingent of longs out after profits. The huyers were the more numerous, as well as the more cager, and a strong advance was the result. July opened %c to le higher at 75c to 74%c, and shortly afterward sold at 75c. 74%c, and shortly afterward sold at 75c Liverpool was 14d higher, an evidence that the British are beginning to ap-preciate something of the reported blight in the Northwest. South Dakoblight in the Northwest. South Dakota and Southern Minnesota had some rain, but they were not general. From the south there were more complaints of the heavy rains. This was the line up of builds news which was of influence early and throughout the day. During the whole session the wires were hot with reports very gloomy over the outlook in the Northwest. July following the opening was crushed back to 74%c by the liquidation of longs. A raily ensued. The long stuff was well taken, and on the dip cased up, while the demand continued unabated. July advanced sharply to 78%c, the highest price of the recent bulge, and held nearwhy te, and cross busy at 11 the graph of over yesterday, at 15 the 12 to Generally the advices from the spring wheat authorities were that the failure this season would prove the worst the north-west had ever known. France, it was said, would have to import 30,002,009 bushels to make up her shortage. Complete the contract of the co bushels to make up her shortage. Com-plaints of excessive rains were received from Southern Illinois, Kentucky and Tennessee. Clearances in wheat and flour were equal to 637,000 bushels. Pri-mary receipts as regated 627,000 bushels, compared with 732,000 bushels hast year. Minneapolis and Duluth reported 451

cars a year ago. Local receipts were 72 cars, one of which was contract grade.

Corn was firm, in sympathy with wheat, but trade was not particularly active, there being a number of desertions from that pit to wheat. Country acceptances of last night's bids were small, which was also a help. The Argentine crop surplus available for export was put at 12,000 bushels, a condition to which the bulls called attention. Local receipts were 681 cars. July sold between 39c and 39kc, closing ½c up at 39kc.

prosperity. The reduction to 1 per cent of the dividend on Northern Pacific common for the six months period compared with 2 per cent for the pravious six months 1 per cent of which was "extra." Is a portentious announcement of the expected effect on the pravious of the expected effect on the grain carrying railroads of the reduced crop. The depressing influence of the poor wheat prospects is emphasized by the continued degeline in prices of iron and the extreme sluggishness of the consumptive demand. But an undertone of confidence is manifest that when the readjustment of prices is finally completed in the iron trade that industry will still be on a prosperous basis. The continued high level of our manufactured exports, mostly of iron, shown by the figures of our foreign trade for May and the growing foreign demand for iron, fortify this confidence. The renewal of this foreign demand for gold, coupled with the calling of government deposits from National Banks into the treasury, has awakened some vague questioning as to the effect on our money market. But the fact	Local receipts were sail cars. July sold between 39c and 39kc. closing ½c up at 139kc. Onts followed wheat and corn. Shorts were good buyers of both July and September, while the best selling came from profit-takers. The northeast took profits liberally on their September surf around 22½c. September opened at 22½kg. 23kc. sold to 22½c. and closed at 22½kg. 23kd to 22½c. and closed at 22½kg. 23kd sold between 22½c. The provisions market was fairly active and strong. The strength was because of light hog receipts higher prices at the yards, and to a degree on the grain strength. July pork sold between \$1 30 and \$11 50, and closed 25% \$70, and 511 50, and closed 25% \$70, and July ribs between \$6.6966 70, with the close 15c higher at \$6.70, with the close 15c higher at \$6.006 70, wi
